

Noet Mission

At NOET, our mission is to draw people - young and old - into the magic of the wilderness, the true 'Outdoors', and challenge them with experiences that dramatically reveal amazing insights and offer fresh perspectives to enrich their lives beyond compare.

NOET also strives to espouse the cause of all that makes up this magic of the Outdoors for us - from our fast depleting urban green-scapes to our threatened rainforests and its creatures.

It is also NOET's mission to train, create a talent pool and help recruit the essential skilled human resources needed to create safe, enjoyable and enriching Outdoor experiences for people.
