

Noet Pro Introduction

Noet Pro Introduction

As the field of Outdoor Education was born and nurtured predominantly in the West over the last few decades, a professional involvement in the subject has been marginal and largely unregulated in India. Few Outdoor Educators are close to internationally accepted standards.

NOET Pro is a first-of-its-kind body that aims at providing skill enhancement, training and recruitment opportunities to help create a skilled workforce of global standards.

Additionally, NOET Pro also offers a platform to bring together accomplished individuals from the arenas of education, adventure and ecology to create systems, practices and ideologies necessary to Outdoor Education.

Services

Recruitment:

An ever-increasing talent pool of qualified Outdoor Professionals that offers skilled manpower to other Outdoor Education or Adventure-based learning outfit.

Training and Skill Enhancement:

Several skill-specific professional training courses offered to create Outdoor Leaders and Educators of international standards.

Professional courses for amateurs

Helping Outdoor enthusiast and amateur Outdoor leaders convert their passion into a viable career.

Expedition Support

Providing financial, planning and logistical support to expedition teams, thus helping keep the practice of expedition alive and accessible to all.

NOET Forum

A platform for the creation of systems, operation norms, standards and industry ideology in the field of Outdoor Education in India.
